

Area and Radii of an annulus

General

Teacher

Pierre Botha

Concept

Determine the area / radii of an annulus

Goals

- 1) Find the area of an annulus (pairword)
- 2) Find possible radii
- 3) Construct it

Lesson Plan

- 1) Problem solving in pairs

Find the area of an annulus from a given drawing with a tangent

- 2) Find possible radii using the area
- 3) Practical construction using a compass ect.

Materials

Materials

Compass
Paper
scissors
